

October 2025

Hello,

Since 1988, the CPSF has brought our community together to support CCUSD#1 teachers and students. The Foundation was created to help teachers provide the best possible learning environment—so every child has the tools and opportunities to thrive. Today, as state and federal funding remain uncertain, your gift makes an immediate impact in our classrooms and in the lives of students.

Our foundation awards grants that support innovative and essential educational programs, projects, and activities that aren't covered by existing tax sources. Thanks to the incredible generosity of our donors, this past school year we awarded over \$40,000 in educational grants to enhance learning for students in CCUSD#1.

We take great joy in knowing that your contributions are directly improving the quality of education for our students. Here are just a few examples of what your support has funded:

- High School and Middle School Grants: A student celebration platform, FCS Cavie Café, art supplies, recycling programs, 3D mice for CAD stations, CTE career fair, Spanish program enhancements, and math team support.
- Intermediate School Grants: Arts supplies, Olympiad costs, cultural programs and special education resources.
- Primary School Grants: Arts supplies and projects, speech enrichment resources, reading enhancement programs, books, and various learning materials.

Without your generosity, these invaluable opportunities for our students would not be possible. We are committed to meeting the ongoing needs of our district, but we need your help.

Please consider supporting the Carlinville School District in one of the following ways:
